

# Nature's Organic Crystals

100% Organic Full Spectrum Cannabichromene (CBC) / Cannabidiol (CBD) Oil

## Experience Less Pain and Disorders Naturally

### Why Nature's Organic Crystals?

- 100% Organic. No chemicals or pesticides are used in growing process
- 100% THC Free. Extensive lab testing has been used to verify the absence of THC
- Only the highest quality hemp is used in our manufacturing process
- No chemicals or inorganic solvents such as alcohol, butane, CO2, acetone, etc. are ever used or allowed in any aspect of manufacturing
- No oils which have the potential to either create an allergic reaction or interact adversely with the product which would reduce its high potency or effectiveness has been used
- No artificial ingredients, colorings or flavorings have been added. The unique sweet honeysuckle flavor of our oil results from only using the highest quality hemp and our proprietary cold manufacturing process.
- Made in the USA

### What Are the Benefits of CBD/CBC Oils?

According to a 2013 review published in the British Journal of Clinical Pharmacology, studies have found CBD oil to possess the following medical properties:

Medical Properties of CBC/CBD	Effects
Anti-Emetic	Reduces symptoms of nausea and vomiting after chemotherapy treatments, motion sickness, side effects from various treatments, and similar events
Anti-Convulsant	Suppresses seizure activity in patients suffering from seizures
Anti-Psychotic	Combats various form of psychosis including schizophrenia
Anti-Inflammatory	Combats inflammatory disorders from multiple sclerosis, edema (swelling) and inflammation of the intestinal tract
Anti-Oxidant	Combats neurodegenerative disorders
Anti-Tumoral / Anti-Cancer	Combats tumor and cancer cells, especially in the brain, breast and colon
Anxi-Olytic / Anti-Depressant	Combats symptoms of anxiety, depression and PTSD disorders by creating an overall mood-elevating effect for the patient
Anti-Irritant	Combats the symptoms of psoriasis, eczema, and other skin related irritations
Anti-Tremor	Combats the symptoms of Parkinson's disease
Anti-Bacterial / Anti-Fungal	Demonstrates strong anti-bacterial and anti-fungal properties on a variety of gram-positive, gram-negative and acid-fast bacteria – including E. coli and staph (S. aureus) and black mold (Aspergillus niger)
Anti-Pain	Combats pain by interacting with several targets involved in the control of pain at the spinal level
Anti-Neurogenesis Suppressant	Combats lack of growth of the brains hippocampus which is believed to contribute to a number of disorders including Alzheimer's disease
